BROOKLYN GIRL TO WED YALE STAR

Newport, R. I., June 12.—Newport is leoking forward to one of its busiest seasons in years. Already dinners and luncheons are being given by the early arrivals and the entertaining list has increased wonderfully during the last week.

So far as numbers are concerned, this city is to have the largest number of summer visitors that it has had in many years. At this time there is hardly a cottage for rental. Many of the houses that have not been opened, and still others are returning after absences varying from two to seven years.

Three new houses are being opened this summer. Two are already opened the scuthern harbor front, and Mrs. George D. Widener's new villa in lower Believae Avenue. Mr. and Mrs. Duncan have been in their new home for some time and they are planning a housewarming, possibly for next mouth. The finishing touches are being put on the grounds of Mrs. Widener's estate. The last details are also being added to the new home of Mrs. Widener's estate. The last details are also being added to the new home of Mrs. Henry Clews, of New York, and Mrs. Henry Clews, of New York, are expected at The Rocks, on Tuesday.
